Inspired by nature and backed by decades of boat-building expertise, Quarken Boats seamlessly blends aesthetic appeal with robust performance. Each model is powered by state-of-the-art Yamaha outboards, featuring the latest drive-by-wire throttles and multifunction displays for unparalleled performance and reliability.

Quarken's commitment to beautiful simplicity and state-of-the-art Nordic design is evident in every vessel, crafting an experience that is both visually stunning and deeply rooted in functional, practical design. Quarken uses asymmetrical deck layouts and convertible furniture to improve onboard movement. It adopts very clean, understated lines that combine modern Nordic design with extremely competitive pricing.
