**INTERIOR - SOFA**

**TOP VIEW - CLOSED**

To consolidate the success of the Schaefer V33 and continue the V line, Schaefer Yachts presents the new Schaefer V44. With the option for sterndrives or triple outboard engines, the 44-foot model innovates with a single-level cockpit, 2 large hydraulic balconies measuring 8ft in length and a hydraulic platform, transforming it into an outstanding beach club. And, as expected, the New Schaefer V44 expands the accommodation capacity of the V line, providing a very comfortable and safe overnight stay for up to 4 people.

Creating more than 600 direct jobs in Brazil with a vertically integrated production process, Schaefer Yachts guarantees a timely delivery of your boat while attaining the highest quality standards.

With one of the biggest machining equipment of the Americas, Schaefer Yachts CNC guarantees the accuracy in the production of all parts involved in the project.

All parts are produced by a vacuum infusion process resulting in lightweight and sturdy vessels that provide a more comfortable, safe and economical journey.

With its own in-house woodwork, Schaefer Yachts found the solution to bring the finish and refinement desired in our boats.

## 5-AXIS CNC MACHINE

The new product development center is equipped with a 5-axis CNC, the only one in the Brazilian nautical market, it is able to machine molds up to 75 feet from a single block with the highest standards of quality, accuracy, and finish. A unique construction process, one of the most modern in the world, places Schaefer Yachts in the lead of the production of recreational boats in South America.

## VACUUM INFUSION PROCESS

All parts of each vessel from 36 to 83 feet are produced by vacuum infusion system, resulting in lighter more economical and robust vessels, providing more comfort and safety for its navigation.
